

WARNING! INVASIVE!

Invasive Species

Invasive species threaten Oregon's economy and environment including impacts to agriculture, recreation, infrastructure, human health, and natural ecosystems.

DON'T RELEASE PETS INTO THE WILD!

Don't be shellfish...

DON'T LET IT LOOSE

Give me your food, Bub!

What if I can no longer keep my pet?

Fish, Invertebrates, and Reptiles:

- Return to seller
- Find a new home with a friend or a shelter

What to do with invasive plants:

- Completely dry or freeze plant
- Avoid composting
